Taunton Press, United States, 2017. General merchandise. Condition: New. Language: English . Brand New Book. Joinery takes center stage in this cabinet-on-stand. The base and case are made with contrasting woods, but the straight grain of the riftsawn stock unifies the two. A pair of rails on each side of the case make for a strong, light-looking base. A wide upper apron paired with a narrow lower rail accomplishes the same objective. The base is joined with through-mortise-and-tenons, lightened with tapers and curves. Latticework on the front door dresses up the dovetailed cabinet on top. What s included Extensive full-size and sale drawings Complete cutlist Step-by-step companion article Bonus article: Master Class on making kumiko.
