OFFICE OPEN XML

Betascript Publishers Dez 2009, 2009. Taschenbuch. Condition: Neu. Neuware - Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Office Open XML (also referred to as OOXML or Open XML) is a file format originally developed by Microsoft for representing spreadsheets, charts, presentations and word processing documents. Starting with Microsoft Office 2007, the Office Open XML file formats (ECMA-376) have become the default file format of Microsoft Office. In 2000,...

Reviews

The very best publication i at any time read through. I actually have go through and i am confident that i am going to planning to read through once more once more down the road. I found out this ebook from my i and dad advised this publication to learn.

-- **Emie Wuckert**

The publication is easy in read better to understand. It is writer in basic words and phrases rather than hard to understand. You wont truly feel monotonny at anytime of your respective time (that's what catalogues are for abo ut if you question me).
