Jon Drayton has no idea of the power lying dormant inside him. He had lived an ordinary life, but everything changes the night of the accident. His sister's car is demolished by a drunk driver, leaving her paralyzed from the neck down. But with simply the touch of his hand, Drayton heals her. He has no idea how he did it, and soon everyone is calling it a miracle. Less than a week later, someone attempts to murder Drayton. Confused and trying to deal with what's happening to him, Drayton spends the next several years on the run, moving from town to town, working odd jobs, barely staying one step ahead of the Unknowns, a mysterious, powerful group who wants him dead. Together, Drayton and Laura desperately search for the remaining pages of the manuscript, hoping they can also survive the vicious attacks of the Unknowns. Along the way, Drayton discovers his abilities are far more remarkable...
