Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

The fact, therefore, that only 15 plates of auto graph texts are published in this volume does not by any means indicate that the Temple Library of Nippur is exhausted as regards N I N -ib texts. Variety of texts is what seems to be desired above everything else at present. Shorter volumes following each other in quick succession are demanded. As soon as the variety of the contents of the library has been demonstrated, the Editor and the Publication...
