He spent his early years immersed in a vibrant culture of artists, writers, singers and thespians, where he wrote, directed, acted in and designed many productions. He continues to write when every moment presents itself. salt/ /water is william s first collection of poetry. His work has appeared online and in the journal ETC, as well as in the collection The Medium is The Muse [Channeling Marshall McLuhan] published by NeoPoiesis Press. Ed Macdonald, author of Spat the Dummy and Atomic Storybook William Marshe s salt/ /water will not only resonate for the island born, his insights into modern life and love will speak to all lovers of excellent verse. Full of insight of how landscape is internal as well as external, how the swings in a children s park can conjure the forlornness...
