Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Webster s Dictionary Definition of Metamorphosis: In Biology. a profound change in form from one stage to the next in the life history of an organism, as from the caterpillar to the pupa and from the pupa to the adult butterfly. There also comes a time, in the evolution of a species where Metamorphosis of the entire genome of a species due to sudden and radical environmental change must take place in order for the species to survive in the new environment. There have only been a handful of such times in human evolution. This is such a time. In just a few short years, the Human Race will create the AI Cocoon. This is a Quantum Computer that is able to be the first Artificial Intelligence on this planet and it will be capable of storing the Human Consciousness. Many people such as Ray Kurzweil, research scientist at Google, are lining up to be the first to achieve immortality by actually leaving their fleshy brain behind and move their entire being into the realm of the AI Cocoon. I coined this term for what everyone else is calling the Artificially Intelligent Quantum Computer because the reality of the situation is that the human animal will go into this device as a caterpillar inhabits its cocoon. But, as we all know from childhood, the lowly worm emerges from the cocoon a few months later and takes the form of a beautiful Butterfly. When human beings enter our own cocoon, in the next few years, we will bring with us enough knowledge and technology to turn ourselves into anything we want to be, beautiful or horrible, for better or worse, each with earth...
