Penguin Putnam Inc, United States, 2015. Paperback. Condition: New. Reissue. Language: English . Brand New Book. The thrilling sequel to Gear s groundbreaking sci-fi debut, *The Warriors of Spider Rebellion* on Sirius threatened to become the spark that would set the galaxy ablaze, bringing on the destruction of the Directorate-run empire--a tyranny powered by an elite corps of human, computer-linked brains. The Directorate s only hope of overthrowing the Sirian rebels rested with three of its once-mighty but now battle-damaged Patrol ships, three backup warships, and a rate of primitive, long planet-bound warriors--the Romanans. For the Directorate had spent many centuries breeding initiative and the capability for violent action out of the human race. And only on the lost colony of World did true warriors of spider still exist. But would the Romanans willingly join the cause of the star men who had once attempted to destroy their world? And even if they did, could warriors so newly exposed to the weapons of deadly technology defeat a world and a leader ready to utilize legendary tools of destruction more lethal than any humankind had ever known?.
