Land Use Diversification for Sustainable Rainfed Agriculture

By B. Soni, K.D. Sharma

Atlantic Publishers & Distributors (P) Ltd, 2006. Hardcover. Book Condition: New. Rainfed agriculture has a distinct place in Indian agriculture, occupying 68 per cent of the total cultivated area and supporting 4 per cent of human and 6 per cent of livestock population. Agriculture in rainfed areas continues to be a gamble because farmers in the rainfed region face many uncertainties. In the light of growing population and demand to increase the food production especially in the developing countries with arid and semi-arid climate, this book mainly focuses on the land use diversification involving multi-disciplinary approaches for sustainability in the rainfed regions. The present book consists of twenty-three articles in all by experts from various Central & State Government Organisations, Agricultural Universities and Research Organisations concerned with rainfed agriculture. These articles, covering various aspects of Land Use Diversification for Sustainable Rainfed Agriculture, have been arranged into five sections: (a) Diversification: Need of the Hour, (b) Natural Resources Dynamics, (c) Alternate Land Uses, (d) Case Studies, and (e) Capacity Building. Each of the articles is highly informative and it is hoped that this book will give an interesting insight into the varied rainfed agriculture related problems in India. It highlights the...
