This book is really gripping and fascinating. Of course, it is actually play, nonetheless an interesting and amazing literature. You will not feel monotony at anytime of the time (that's what catalogs are for about if you request me).

Since Neolithic times people have feared the evil eye - the potent stare of an envious person, believed to cause sickness, suffering or even death. The author, who studied Classical History at Cambridge University, interviewed shamans and believers in the evil eye around the world to research this highly entertaining book, which has over 80 illustrations.
