Excerpt: . . . 11 proposed this project in specific response to mandates for renew-able energy. In conclusion, Cape Wind and the other wind projects that will follow present great potential for meeting the multiple objectives of national energy and environmental policy, including decreased reli-ance on imported fuel, reducing and offsetting air emissions, and lowering the cost of electricity to the ratepaying public, all with minimal environmental impact. Based on our experience, we have two suggestions for improving the process. First, we believe that national policy objectives would be better served if environmental review of proposed energy faci-lities were conducted in a more timely manner, perhaps pursuant to statutory timeframes that would prevent delay tactics from crip-pling an otherwise worthy project. I point out in that case, for ex-ample, many of the New England States have adopted energy fa-cilities siting acts which specifically limit the review period to a 12-month process for major energy projects. Second, because the process involves so many agencies with often conflicting agendas, it is important that the process appropriately recognize the clearly stated Federal and State energy objectives, as well as the societal tradeoffs inherent to any major energy project. Thank you. Senator I. Thank you, Mr. Duffy. NHOFE Senator Warner. ARNER Senator W. Thank you, Mr. Chairman. I will not be too long. I will put a number of things with unanimous consent in to-days record. Let me make it clear, Mr. Duffy, you do not...
