E. A. Barker, 2016. Hardback. Condition: New. Large type / large print edition. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Ms. Creant was created for everyone from young adults to seniors. It was written from a male s point of view, speaking to men who are endlessly struggling to understand the opposite sex. For women, this is a fascinating journey inside the male psyche. The book gives a young reader a glimpse of the future, with a recommended timeline for key life events. Mature readers, who have already experienced much of what is discussed in the book, should come away with a new found understanding and perhaps even closure. Ms. Creant is a controversial, entertaining, yet informative look at everything which influences human behavior including: relationships, life, health, biology, philosophy, sociology, theology, politics, genetics--even physics. E. A. Barker shares twenty-four inappropriate stories of life with women. The author based these stories of women behaving badly on his real-life experiences, spanning four decades of his search for an ideal partner. The lessons taken away from the book will serve to help readers make better choices, become more aware, grow and change--at any stage of life.
