# STATISTICS IN LANGUAGE STUDIES (CAMBRIDGE TEXTBOOKS IN LINGUISTICS)

Cambridge University Press, Cambridge, UK, 1991. Paperback. Book Condition: New. Dust Jacket Condition: Very Good. Reprint. This book demonstrates the contribution that statistics can and should make to linguistic studies. The range of work to which statistical analysis is applicable is vast including, for example, language acquisition, language variation and many aspects of applied linguistics. The authors give a wide variety of linguistic examples to demonstrate the use of statistics in summarising data in the most appropriate way, and then..
