A graphic novelette of domination and submission. My need to feel her flame was almost as strong as my desire to know her love. Sometimes I wondered which drove me more. Sassy submissive Laura needs a few more lessons before she can learn to trust again, as her dominant lesbian lover helps her to discover that what she wants - or thinks she wants - is not necessarily what she truly needs. Fighting to maintain control over both her passion and her independence teaches Laura to look deeper at who she really is. As she discovers her true self, she grows more comfortable with her submission and her strength in all areas of her life. Her confidence and ability to accept what makes her truly happy has built with each lesson so far (recounted in the first volume of Lessons for Laura); and what she learns next will require the inner strength and commitment she and her Master both know burns just below the surface. This item ships from La Vergne, TN. Paperback.
