Brand New Book ***** Print on Demand *****.Concise and unerring, Democracy vs. Theocracy: the President and the Senate Will Decide YOUR FUTURE by JoAnn M. Macdonald is an important work of non-fiction that illustrates the issues rearing their ugly heads in the American political climate regarding the separation between church and state. On a slippery slope, the contentious and uneven keeled landscape of democracy is heading further and further toward theocracy. So much so that the November election will prove paramount in securing a severance and disjuncting effect of current trends by securing Supreme Court justices who believe to their core the founding fathers missives. By citing credible sources, in twelve meticulously researched, scripted and fully annotated essays, the author confirms the possibility of the U.S. Supreme Court enabling the Christian Religious Right to move America toward a theocracy. The breach between religion and politics must not disappear. The future of democracy is here-build it now.
