It is rooted in having a low self image of oneself, insecurity and the fear that your partner will wake up one day and realize there is someone better out there. If you are the jealous party suspicious thoughts began to enter your mind and you begin to question your partner's action or become too needy of your partner's time and attention. If you are the one that's on the receiving end of this jealousy it can become a nightmare for you. The constant questioning, the suspicion, and the doubts begin to erode the previous confidence that you had in the relationship and self doubt creeps in and you wonder if it is even worth continuing the relationship. You are at the proverbial crossroad. You need a solution if you are to continue the relationship. In his book entitled Why is My Partner So Jealous?
