Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The rest of the book falls into two parts. The first part deals with the domesticated albino rat - concerning which we have the larger amount of information. The second part deals in a similar way with the wild Norway rat - the form from which the Albino has been derived. In connection with each part the several reference tables and the formulas employed for them and for the corresponding graphs are given, and at the end of the book a list of papers on the rat is added. In the two parts which form the body of the book...
