Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% of the ebook. I am very happy to let you know that this is basically the greatest publication I have gone through within my own existence and could be the greatest PDF for ever.

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****.Welcome to this book that will impact the world, changing philosophy of thought, concerning the power of giving and receiving. I have a dream, a dream of contributing to those who have no voices in the poor villages, countries, in the corners of the world. I m a daring, ambitious, positive person, determined to dream high and represent possibilities for the most vulnerable people specially children without any hope for the future, the widows, those mutilated in wars, the abandoned elders in order to attempt to make this world a better place to live. As Andrew Carnegie, one of the richest men in the world and a great philanthropist said: The rich have a moral duty to distribute their wealth to the poor. Even with his wealth, he always cared about social justice and preached the exercise of philanthropy. Carnegie is seen as the first businessman to publicly declare that the rich have a moral obligation to share their accumulated fortunes. In the last chapter-9, you will have the privilege of knowing celebrities, entrepreneurs who have discovered the value of philanthropy. They have created their fortunes and are heavily committed to humanitarian action because they have understood the key of prospering by serving the human being with a few percent of their monetary income. According to my United Nations experience, I understand there is great value and reward in helping those who need. We can see some successful people who have discovered the immense value of giving in the humanitarian cause. I present my experience, and continue to help the most vulnerable at the UK- Healthcare project.
