Storey Publishing LLC, United States, 2016. Paperback. Book Condition: New. 228 x 177 mm. Language: English . Brand New Book. Commercial hair dyes contain thousands of different chemicals, some of which are reported to be carcinogenic but you don t have to choose between gorgeous colour and good health. Hair care expert Christine Shahin shows you how to use nontoxic natural plant pigments - henna, indigo, amla, and cassis - to colour your hair naturally, and with beautiful results! These pigments are readily available at natural food stores and online; they re simple, safe, and easy to use; and they cost much less than a trip to the salon. With clearly written instructions and step-by- step photography, Shahin shows you exactly how to apply these pigments, alone or in combinations, to achieve a full range of shades of brown, black, and red. She also includes instructions for transitioning from chemical dyes to natural ones and for using chemical and natural dyes together.
