After a few years of being married for the second time, the author Will Miller realized the external forces that challenged his marriage began to eat away the foundation of his relationship with his wife. Like most husbands, as the scenarios unfolded, he examined them. Naturally, he felt his wife could do better at managing her response to the scenarios. Looking to the word of God for validation on his position, he found his perspective did not align with Gods perspective. Humbled at Gods response, Will Miller realized that he was missing the mark of loving his wife as God loves the Church and gave Himself for it! As the Lord challenged Wills response to his wife, Will was enlightened and restarted his journey to loving his wife as Christ loves him (the church). Go with him on his Journey to Loving His Wife or Better or for Worse! Divorce is not an option!.
