

Feds in the Classroom: How Big Government Corrupts, Cripples, and Compromises American Education

By McCluskey, Neal P.

Rowman & Littlefield Publishers, 2007. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: The federal government is deeply entrenched in American public education and virtually dictates what can be taught to students. Why? At what cost? And what are the benefits to public school students? To public schools? The author challenges the constitutionality of the feds in the classroom and reminds readers that public education has, until recently, been the function of state and local governments.

Reviews

A superior quality ebook and also the font used was interesting to read through. This is for all who statte there was not a well worth reading. I discovered this publication from my dad and i encouraged this pdf to learn.

-- **Felix Lehner Jr.**

Simply no phrases to explain. It is definitely simplistic but shocks from the fifty percent from the pdf. You may like the way the blogger write this ebook.
