Lulu.com, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In our modern world of smartphones, video games, wifi hotspots, and Netflix, it s hard to imagine that, less than eighty years ago, there were people in rural Arkansas who were still scratching a living off the land. What makes this book so very special and historically relevant is simple - This book was not written by some college professor who, with clinical indifference, made an extensive study into a bygone era and then wrote down his cold musings on life in those days. Instead, the author of this book relates his own experiences with humble honesty and wit-filled humor. His fond childhood recollections are framed by the wisdom of many years as he relates what life was like for himself and his family during the 1940 s.
