

The Inside Story of the Soul: Simply by Holding the Book, We Experience Magic in Our Hands

By Kaushik Ram

Brolga Publishing Pty Ltd. Paperback. Condition: New. 200 pages. Paradoxes sometimes appear more real than what we may tell ourselves to be true. Simply because we are unable to scientifically validate what we cannot measure, does not give us reason to deny the existence of possibilities beyond our cognitive threshold. To lift the taboo on the magic that makes our reality nonsensical, Dr. Ram makes no attempt to appeal to the intellect in this cornerstone book. In fact, so many of us have been damaged by the duplicity of information that we do not know what to believe in anymore. For this reason, Dr. Ram has written this book for the subconscious, for us to embody this emotional intelligence - viscerally. Besides, our hearts do speak of that which the mind may refuse to understand. Simply by holding this book, we can experience magic in our hands. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
