

Going Green on the Inside (Paperback)

By Caroline Proctor

Caroline Proctor, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. To finally recharge yourself, your life and emotional battery-going green on the inside, leaving meat behind can be one of the most important positive life decisions and commitments you can make. More love, peace, truth, non-violence, and righteousness grows like a flower. It's my belief that it leads to a chain effect of goodness to spread to others. Many new doorways open to a new way for the future for our children and for planet earth. To stand in integrity regarding our diets is so important. There are so many efforts to help improve and better the earth, this is one achievable effort that we can make to start to work on our own selves and our contribution to mother earth. May your journey to becoming a vegetarian open up a whole new way of thinking and positivity as it has for me and many others. Please feel free to email any questions. May your vegetarian journey begin!.
