O Reilly Media, Inc, USA, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. The Spring framework is the most ubiquitous Java framework today and the easiest way to solve many problems. At some point, however, developers start to feel Java applications just can't be any simpler because Java itself is not very simple. It is at this juncture that most people look for alternatives. For those, there is Spring Roo, the highly productive development framework for Spring users.
