It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Anchor. Paperback. Book Condition: New. Paperback. 272 pages. Dimensions: 8.0in. x 5.2in. x 0.6in. With U. S. Iran relations at a thirty-year low, Iranian-American writer Hooman Majd dared to take his young family on a year-long sojourn in Tehran. *The Ministry of Guidance Invites You to Not Stay* traces their domestic adventures and closely tracks the political drama of a terrible year for Iran's government. International sanctions were dragging down the economy while talk of war with the West grew. Hooman Majd was there for all of it. It was to be a year of discovery for Majd, too, who had only lived in Iran as a child. The book opens ominously as Majd is stopped at the airport by intelligence officers who show him a four-inch thick security file about his books and journalism and warn him not to write about Iran during his stay. Majd brushes it off but doesn't tell Karri and the family soon settles in to the rituals of middle class life in Tehran: finding an apartment (which requires many thousands of dollars, all of which, bafflingly, is returned to you when you leave), a secure internet connection (one that persuades the local censors you are in New York) and a bootlegger (self-explanatory). Karri masters the head scarf, but not before being stopped for mal-veiling, twice. They endure fasting at Ramadan and keep up with Khash in a country weirdly obsessed with...
