I believe that Leonard Sonnenschein has given us new insight into the metabolism of plants and animals. Nathaniel H. Murdock, M. D. Past President of the National Medical Association Associate Professor at the Washington University School of Medicine Board certified in obstetrics-gynecology Description: Everything you learned about metabolism in your first science class is wrong! Every generation has become astounded by the advances in science within their generation. This book will review what is known about cellular metabolism and how it governs your health. You will then be amazed how the absorption of nutrients affects your wellness, your beauty and longevity.
