Writing Ethnography

By Jessica Smartt Gullion

Sense Publishers, United States, 2015. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.The Teaching Writing series publishes user-friendly writing guides penned by authors with publishing records in their subject matter. While ethnographers inevitably write up their findings from the field, many ethnography textbooks focus more on the ethno portion of our craft, and less on developing our graph skills. Gullion fills that gap, helping ethnographers write compelling, authentic stories about their fieldwork. From putting the first few words on the page, to developing a plot line, to publishing, Writing Ethnography offers guidance for all stages of the writing process. Writing prompts throughout the book encourage the development of manuscripts from start to finish. Appropriate for both new and emerging scholars, Writing Ethnography is a useful text for qualitative methods, research methods courses across disciplines. This is a must read for anyone who is learning about ethnography and is unsure about how to start writing. - Kakali Bhattacharya, PhD, Associate Professor of Educational Leadership, Kansas State University I love this writer because she does her homework, cares about her readers, and writes a damn good story.
