

Enjoy Your Cells

By Frances R. Balkwill, Mic Rolph, Mic Rolph

Cold Spring Harbor Laboratory Press, U.S. Paperback. Book Condition: new. BRAND NEW, Enjoy Your Cells, Frances R. Balkwill, Mic Rolph, Mic Rolph, Beneath your skin there is an amazing hidden world of living cells. Millions and millions of cells work together, to make everything that is you. But did you know that you started life as just one tiny cell? And did you know that everything that lives on Planet Earth is also made of these cells? The "Enjoy Your Cells" series offers children a simple but scientifically accurate commentary, complemented with colorful graphics to take young readers on an entertaining exploration of the amazing, hidden world of cells, proteins, and DNA. With these books, children should learn to enjoy their cells and current affairs at the same time, in addition to getting information that has been written and reviewed by working scientists.

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Camille Larson**

This is actually the very best book I actually have read till now. This is for all those who state that there was not a worth studying. It has been written in an remarkably straightforward way which is merely following I finished reading this publication by which in fact altered me, modified the way I believe.
