Forgotten Books, 2017. Hardback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****.Excerpt from La Civilisation Assyro-Babylonienne Tout le territoire compris entre Kormah et la mer est une acquisition due au limon que déposent les fleuves; c'est peu à peu, au cours des siècles, qu'il s'est constitué. Nous en sommes assurés par les observations des voyageurs qui confirment que le phénomène continue à s'accomplir. L'explorateur Loftus, au milieu du XIX^e siècle, estimait le progrès de l'alluvion à 1.600 mètres pour 70 ans; H. Rawlinson donne un chiffre double pour l'antiquité. Le géographe Kiepert pense, qu'au VII^e siècle avant notre ère, le rivage s'étendait à 80 kilomètres environ plus haut qu'aujourd'hui, et G. Rawlinson calcule que, vers le milieu du troisième millénaire, le rivage était à 190 kilomètres de celui d'aujourd'hui, soit au Nord du village de Kormah. C'est ce qui explique qu'on trouve en plein désert les ruines des villes anciennes que les traditions et les textes nous assurent s'être développées près de la mer, telles qu'Eridu, Lagash, Nippur. Ce lent ensablement fut une des causes du déclin de ces villes primitives, devenues incapables de déployer l'effort nécessaire pour compenser le dommage causé par le recul des flots qui les faisaient vivre; à l'époque moderne nous connaissons des exemples de ces décadences pour des villes comme Bruges et Ravenne, autrefois prospères quand la mer ne s'en était pas retirée.
