A CLINICAL GUIDE TO SUPPORTIVE PALLIATIVE CARE FOR HIVAIDS

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 612 pages. Dimensions: 9.0in. x 6.0in. x 1.4in. The Health Resources and Services Administration (HRSA) of the United States Department of Health and Human Services has as its mission the improvement of access to health care and services for underserved and vulnerable populations. HRSA accomplishes this mission by partnering with community-based organizations in the delivery of health and social services, with academic health centers in the education of health professionals, and with State and local health departments in the areas of prevention, public health promotion and health care delivery. Improved quality of care and quality of life are the goals of the programs and initiatives of HRSA. To that end HRSA's HIVAIDS Bureau has embarked on the publication of A Clinical Guide to Supportive and Palliative Care for HIVAIDS. Through the work of visionaries in the fields of HIVAIDS and palliative care, we conclude that excellent HIV care can be provided by integrating the principles and framework of palliative care into the delivery of care and services to people living with HIVAIDS, throughout the continuum of illness. This integration of services holds the promise of patient and family-centered care that is proactive in addressing the multitude of issues with which patients are challenged. With this volume we seek to expand the definition of palliative care and to realize palliative care's full potential to improve the quality of care and the quality of life of those living with HIVAIDS. The HIVAIDS Bureau, through its Working Group on Palliative Care in HIV, has set forth the following working definition: Palliative care is patient- and family-centered care. It optimizes quality of life by active anticipation, prevention, and treatment of suffering. It emphasizes use of an interdisciplinary team approach throughout the continuum of...
