Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Approximately 23,000 nursing homes and intermediate care facilities for people with mental retardation (ICF-MR) receive federal Medicare and Medicaid funding. Media reports have cited examples of convicted sex offenders residing in long-term care facilities and, in some cases, allegedly abusing other residents. Given concerns about resident safety, GAO was asked to assess (1) the prevalence of sex offenders and others on parole for non-sex offenses living in long-term care facilities and the extent of any abuse they may have caused, (2) the legal requirements for notifying facilities and others when offenders are residents, and (3) the extent to which facilities have different supervision and separation requirements for offenders. GAO analyzed a national database for sex offenders and analyzed state databases in a sample of eight states for sex offenders and parolees.
