Excerpt from Accounting System for the United States Indian Service By act of Congress approved May 18, 1916, the Bureau of Efficiency was directed to prepare and submit to the Secretary of the Interior, on or before December 31, 1916, a system of bookkeeping and accounting for the Bureau of Indian Affairs that will enable the said Secretary to furnish certain financial reports required by section 28 of the act approved June 30, 1913 (38 Stat. The most important requirement seemed to be to provide a system of accounts that would produce reliable financial reports and at the same time would be adaptable alike to large and small agencies or other field units. Such a system has been prepared and is explained in detail in the following report. So far as possible, technical and unusual expressions have been avoided and the theory of accounts has been discussed only so far as seemed necessary to insure a proper understanding of the procedure.
