Accolades of Worth offers a different perspective on the subject of entitlement and teaches you the behavioral science behind a person s belief that they deserve everything. Written by one of the nation s leading behavioral scientists, Dr. Treat Preston is going to surprise you with his words and his insights. This is a difficult subject to embrace because it cuts to the core of our self-worth and the way we see ourselves in today s world. This is a must read-book and one you will not soon forget.
