Whether your goal is to get the best treatment or to stay out of the cardiologist s office, your heart s health depends on accurate information and correct answers to key questions. In Heart 411 two renowned experts, heart surgeon Marc Gillinov and cardiologist Steven Nissen, tackle the questions their patients have raised over their decades of practice: Can the stress of my job really lead to a heart attack? How does exercise help my heart, and what is the right amount and type of exercise? What are the most important tests for my heart, and when do I need them?
