Notes on Pathological and Operative Obstetrics (Classic Reprint) (Paperback)

By Lyle G McNeile

Forgotten Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Notes on Pathological and Operative Obstetrics The obstetric art is rapidly assuming its proper position among the medical specialties. The importance of the subject is today receiving more recognition than ever before, as a result of the late war, and consequent need for child conservation. The medical student of today is far better equipped to deal with the intricacies and difficulties which arise in the delivery room than ever before in the history of medical education. While in the other branches of medicine and surgery the attendant is usually able to look up the authorities regarding the diagnosis and treatment of the condition with which he is confronted, in obstetrics he is compelled to put into practice the knowledge which he already possesses, and to apply that knowledge at once. If he is faulty in his technical skill, the patient and her offspring are the innocent sufferers. Regard for the welfare of the unborn child is growing year by year. This entails a more careful supervision of the patient, during pregnancy and labor, and the early recognition and treatment of the various...
