Xulon Press, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. I believe God uses medical science to bless the human race. Also, I believe God regularly works through doctors and nurses to keep us well, so we can live better lives. We all benefit from the medical profession. But we have to admit that there are all too many cases for which medical science does not have the answer. Such was our son s medically incurable condition. His miracle is a remarkable example of a healing for which there is no medical explanation. We know not everyone is healed. I have no more explanation for why that is, than I have for why our son and others are healed. So, I have no answers that could satisfy skeptics. Only let it be said, that nothing can change the fact that this is an amazing true story of tragedy turned into triumph by the grace, mercy, and magnificent power of God. I pray your faith will be inspired to believe The things which are impossible with man are possible with God. (See Luke 18: 27, KJV.).
