HUMAN EXPOSURE ASSESSMENT

World Health Organization. Paperback. Condition: New. 375 pages. Dimensions: 8.1in. x 5.5in. x 0.9in. This book offers an up-to-date guide to the concepts, procedures, statistical methods and models used to assess human exposure to environmental chemicals. Noting that exposure assessment is a comparatively new discipline of the environmental sciences, the book aims to encourage its use as a powerful tool for measuring actual levels of exposure and determining whether interventions are needed to protect public health. With this goal in mind,...
