These selected paragraphs distill the contents and give you a quick look inside A Voyage to Arcturus: What amazes me, she half-whispered, after ten minutes of graceful, hollow conversation, is, if you must know it, not so much the manifestation itself though that will surely be wonderful as your assurance that it will take place. The star, which to the naked eye appeared as a single yellow point of light, now became clearly split into two bright but minute suns, the larger of which was still yellow, while its smaller companion was a beautiful blue. Nightspore's eyes wandered about the room, finally seeming to linger upon a glass-fronted wall cupboard, which contained a few old bottles on one of the shelves and nothing else. Nightspore seemed unwilling to answer, but, finding Maskull's eyes still fixed on him, he brought out: Unless light pulled, as well as pushed, how would flowers contrive to twist their heads around after the sun? While he was still talking, with his hand on the smaller bottle, the other, which was lying on its side, accidentally rolled over in such a manner that the metal caught against the table.
