Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The fine line in retaining a customer or developing a critic, often boils down to the right customer service strategy. how businesses can delight their customers in every interaction? Have the types of risks that may impact Service Strategy been identified and analyzed? Which customers cant participate in our Service Strategy domain because they lack skills, wealth, or convenient access to existing solutions? Are there any disadvantages to implementing Service Strategy? There might be some that are less obvious? Is there a recommended audit plan for routine surveillance inspections of Service Strategy s gains? Defining, designing, creating, and implementing a process to solve a business challenge or meet a business objective is the most valuable role. In EVERY company, organization and department. Unless you are talking a one-time, single-use project within a business, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, What are we really trying to accomplish here? And is there a different way to look at it? For more than twenty years, The Art of Service s Self-Assessments empower people who can do just that - whether their title is marketer, entrepreneur, manager, salesperson, consultant, business process manager, executive assistant, IT Manager, CxO etc. - they are the people who rule the future. They are people who watch the process as it happens, and ask the right questions to make the process work better. This book is for managers, advisors, consultants, specialists, professionals and anyone interested in Service...
