Triarchy Press. Paperback. Book Condition: new. BRAND NEW, Walking's New Movement, Phil Smith, Among other things, Phil Smith proposes:  
\* An unravelling of psychogeography from its early roots, assessing its contribution to the state of the walking arts, and looking forwards/around to what might come next.  
\* a partial mapping of the 'evolution' of walking that looks at 'stages' in that evolution.  
\* a helicopter view that allows walking artist/practitioners to place themselves in historical and artistic context.  
\* important new ideas about abusive semi-public spaces (in the wake of scandals in the UK and elsewhere involving public figures, the church and others) - suggesting how radical walking can act against 'the spectacle' and power.  
\* a compelling theory about romanticism and the postmodern in relation to walking.  
\* a World Brain for walking.  
# \* strategies, tactics and a full manifesto for Radical Walking.
