The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A month ago when I was praying, I asked God what could I do for you? Maybe a strange question, but I was feeling the avenue of space in my life. I now was over 80 and the words of my sister were echoing in my ears when she shared that when you get to be 80 everything begins to crumble. What could I do? The years of working in the church activities with the youth, the camp, and those overnites in the Family Life Center and even kitchen duty was no longer do-able for me. I have been reduced to working only in my yard and that with the aid of a Kawsaki mule to carry my tools. I have found my knees are the only way to pull weeds, and I have even accomplished raking sitting in a chair. So Lord what can I do for you? I do not consider myself a Bible scholar, but through the years of being a player in God s creation I have come to an understanding of God, thus comes the words from my heart in a little story book titled GOD AND I. I shall share my belief of God, Angels, Death and my trail of understanding God s wisdom.
