Brand New Book ***** Print on Demand *****.In the words of Mehmet Oz, MD: An Arrow Through the Heart is an epiphany for women who mistakenly believe that they are immune from the ravages of heart disease. Using her heart as a magnifying glass, Deborah Daw Heffernan provides readers with a window into their souls. This groundbreaking memoir was first mentioned on Oprah Winfrey s life-saving 2002 show announcing cardiovascular disease as a leading cause of death among young women. That tragic fact is still true. With both depth and humor, Deborah Daw Heffernan recounts her first year of recovery from the massive heart attack that ambushed her in a gentle yoga class-during the prime of her life and despite her impeccable health history. Ranging from high-stakes action in the OR at Massachusetts General Hospital in Boston to quietly unfolding seasons on a lake in Maine, An Arrow Through the Heart is a moving and informative story of what it takes to find one s own path to true healing. Ultimately, Heffernan combines allopathic and complementary medicine to create a sensible recovery strategy for our times. She touchingly describes her husband s devotion and the toll that her cardiovascular disease takes on him, as well as how he, too, grew from the experience. Weaving their story with the lives of family and friends, Heffernan demonstrates how illness can be transformative for all involved. Not only an empowering companion for cardiac patients, this medical classic is a guide to recovery from catastrophic change of any kind. Above all, it is a powerful testament to the unexpected joy that can come from leading a life of acknowledged impermanence. Updates include cardiovascular data for today...
