The Pragmatic Programmers, United States, 2009. Paperback. Condition: New. 2nd edition. Language: English . Brand New Book. Computers are everywhere, on every desk, in your iPod, cell phone, and PDA. To live well in the 21st century, you need to know how to make computers do things. And to really make computers do what you want, you have to learn to program. Fortunately, that s easier now than ever before. Chris Pine s book will teach you how to program. You ll learn to use your computer better, to get it to do what you want it to do. Starting with small, simple one-line programs to calculate your age in seconds, you ll see how to advance to fully structured, real programs. You ll learn the same technology used to drive modern dynamic websites and large, professional applications. It s now easier to learn to write your own computer software than it has ever been before. Now everyone can learn to write programs for themselves - no previous experience is necessary. Chris takes a thorough, but light-hearted approach that teaches you how to program with a minimum of fuss or bother.
