### THE EDUCATED IMAGINATION (PAPERBACK)

Indiana University Press, United States, 1964. Paperback. Condition: New. New impression. Language: English. Brand New Book. Addressed to educators and general readers-the consumers of literature from all walks of life-this important new book explores the value and uses of literature in our time. Dr. Frye offers, in addition, challenging and stimulating ideas for the teaching of literature at lower school levels, designed both to promote an early interest and to lead the student to the knowledge and kaleidoscopic experience found in the study of literature. Dr. Frye s proposals for the teaching of literature include an early emphasis on poetry, the central and original literary form, intensive study of the Bible, as literature, and the Greek and Latin classics, as these embody all the great enduring themes of western man, and study of the great literary forms: tragedy and comedy, romance and irony.
