## CATHOLIC SOCIAL TEACHING: A WAY IN (PAPERBACK)

Catholic Truth Society, United Kingdom, 2001. Paperback. Condition: New. New edition. Language: English . Brand New Book. The Common Good, option for the poor, subsidiarity- concepts like these have become part of the currency of Catholic teaching, but what do they mean? What are their foundations in scripture and tradition which make them distinctively Catholic? This book examines key aspects of human social relations such as the family, the state and civil society, the world of work and justice. It explains in clear language how a conscience informed by divine revelation brings out the true human vocation to love of God and neighbour. The author highlights the particular contribution of Pope John Paul II. In an increasingly materialist, individualist and utilitarian world this book opens up a rich heritage of teaching and reflection.
