Moonfleet is a tale of smuggling by the English novelist J. Meade Falkner, first published in 1898. The book was extremely popular among children worldwide up until the 1970s, mostly for its themes of adventure and gripping storyline. It remains a popular story widely read and is still sometimes studied in schools. In 1757, Moonfleet is a small village near the sea in the south of England. It gets its name from a formerly prominent local family, the Mohunes, whose coat of arms includes a symbol shaped like a capital Y. John Trenchard is an orphan who lives with his aunt, Miss Arnold. Other notable residents are the sexton Mr Ratsey, who is friendly to John; Parson Glennie, the local clergyman who also teaches in the village school; Elzevir Block, the landlord of the local inn, called the Mohune Arms but nicknamed the Why Not? because of its sign with the Mohune Y; and Mr Maskew, the unpopular local magistrate and his beautiful daughter, Grace. Village legend tells of the notorious Colonel John Blackbeard Mohune who is buried in the family crypt under the church. He is reputed to have stolen a diamond from King Charles I and hidden it. His ghost is said to wander at night looking for it and the mysterious lights in the churchyard are attributed to his activities.
