Createspace, United States, 2012. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.I m a great believer in keeping things short and simple particularly in today s world where life is so hectic. Like children, pets are a huge responsibility. They require love, guidance and attention on a regular basis. As a general rule, the more effort you put in the greater the results. This publication was designed for people who don t have the time to sit down and read 200 pages packed with information you ll probably never use. I ve stripped out the filler and given you the essentials in a format that anyone, including children, can understand. That said, it s important to read through the guide at least twice before taking action and I do recommend taking notes to help you recall the key points relevant to your own situation. Remember that anything worthwhile requires tolerance, patience and perseverance. Use these tools and I promise you that in the end, you will be triumphant!
