Date :2001-1-1. The stock market expert analysis methods always varied. but the result is always the same thing; stock market expert analysis methods are always incredible. but the results are always able to be very successful. Stock market experts are never directly used in the analysis of public materials. Although they will wave theory. the Dow Theory. macd. kdj these things have been intensive research. but these things will never be directly applied to stock market investments. but its essence. to its dregs. inventive. create their own first of its kind. All great achievements in the stock market received the success of disabilities. almost no new investment is not a new concept or technique Trader pioneer ancestors. a great master. In this regard. part of Buffett. Lynch is the Soros also belongs to it. Stock market investors and the general master the fundamental difference lies in its technical analysis is always the master. rather than technical analysis of the slaves. The owner at any time. Adjustments and changes in technical indicators point to the application. and has always been a slave to technology targets only run trend to be dictated to. In the stock market is too large for the money people. mostly not expressed much interest in technical analysis. but only those coming out from the training of professionals. as well as by reading several books on self that has become public only people who will feel Gann Theory and exquisite spiral rule. Contents: first unit study Scriptures 1. To escape the top even in bargain-hunting 2. Maximum profit is down time in the warehouse 3. The flow 4. Knowledge has...
