## Tog on Software Design (Hardback)

By Bruce Tognazzini

Pearson Education (US), United States, 1995. Hardback. Condition: New. Language: English . Brand New Book. An amazing combination of technical depth and humanism, which is always relevant, often witty, and sometimes very moving. --Jean-Louis Gasse, Chairman and CEO, Be, Inc., former President of the Product Division, Apple Computer, Inc. Tog takes us on an extraordinary journey as software design crawls out of the operating system of computers and on to the landscape of networks and new media content. He is a gifted hands-on designer who weaves a very compelling story. --John Sculley, former CEO, Apple Computer, Inc. Vintage Tog-- great potential with a taste of nuttiness. Intelligently bombastic. Insightfully outrageous. --Don Norman, Vice president, Apple Computer, Inc. Author of Things That Make Us Smart The computer industry is poised for its second great revolution, and within ten years, society will be in the midst of an equally great transformation. In Tog on Software Design, Bruce Tognazzini, respected industry futurist, presents his vision of our technological future, detailing the steps computer professionals need to take now to deliver powerful new technologies in a form that will profit the industry and benefit society in general. Tog on Software Design discusses the evolution computers will undergo in the coming decade, and the impact these changes will have...
