Bloomsbury Publishing PLC, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Their average age was twenty-five. They came from Berkeley, Cambridge, Paris, London and Chicago - and arrived in New Mexico ready for adventure or at least resigned to it. But hope quickly turned to hardship in the desolate military town where everything was a secret, including what their husbands were doing at the lab. They lived in barely finished houses with a P.O. Box for an address, in a town wreathed with barbed wire, all for the benefit of `the project that didn't exist as far as the greater world was concerned. They were constrained by the words they couldn't say out loud, the letters they couldn't send home, the freedom they didn't have. Though they were strangers, they joined together - babies were born, friendships were forged, children grew up. But then `the project was unleashed and even bigger challenges `the women of Los Alamos, as they struggled with the burden of their contribution towards the creation of the most destructive force in mankind's history - the atomic bomb. Contentious, gripping and intimate, *The Wives of Los Alamos* is a personal tale of one of the most momentous events in our history.
